

Objective:

A co-op or internship in which I can blend my technological expertise and extensive interpersonal skills in a field pertinent to Software Engineering.

Summary of Qualifications:

Languages proficient with: Java, PHP, XHTML, Ruby

Languages presently studying: Objective-C, C#, C++

Technologies: CVS, SVN, Mercurial, SQL, Apache, Weblogic, Rails, ADF, Javascript, AJAX, & Comet, CSS, LaTeX

IDEs familiar with: Eclipse, JDeveloper, Xcode, Visual Studio 2008, Emacs

Relevant courses: Computer Science I-III, Software Engineering, Personal SE, Subsystems, Process

Education:

- Rochester Institute of Technology, Rochester NY
 - BS in Software Engineering, Expected May 2012
 - 3.35 GPA, 3.68 PFOS
 - Dean's List (Fall 2007 - Spring 2009)

Present Activities:

- **Director of Information Services,** Society of Software Engineers at RIT
- **Editor in Chief,** Timeline (RIT's Yearbook)
- **Member,** RIT Multi-Disciplinary Robotics Club

Work Experience:

- **Oracle** (June 2009 - November 2009) - Philadelphia, PA
 - Worked on the Primavera P6 project management software. Developed and tested subsystems centric to:
 - Content repositories (Microsoft SharePoint, Apache Jackrabbit)
 - Rich clipboards
 - Encapsulating & emailing application state/session to other users
 - For side projects I also:
 - Overhauled internal bug tracking system by creating a new J2EE Oracle ADF web application
 - Designed GUI artwork in Oracle Universal Installer in the Primavera P6 suite.
- **RIT Educational Technology Center** (Summer 2008 - Present) - Rochester, NY
 - Developed websites and mission-critical, database driven web applications for the departments within the Rochester Institute of Technology
- **Frontier Abstract** (Summer 2007) - Rochester, NY
 - Created internal web applications
 - Managed in-house software, network and workstations
 - Served as graphic designer to promote corporate presence
- **The Harley School** (Summer 2007) - Rochester, NY
 - Teacher's Assistant for computer classes
 - Created web applications to manage network operations
- **Freelance Web Developer** (June 2005 - Present) - Rochester, NY
 - Created many websites and web applications for non-profit organizations and local companies
- **Brantling Ski Slopes** (November 2003-March 2005) - Rochester, NY
 - Instructed beginning, advanced and junior racing programs
